

Littmann®
Stethoscopes

Cardiology

Built to hear more.

Sturdy and refined, the **3M™ Littmann® Cardiology IV™ Diagnostic Stethoscope** helps isolate subtle sounds* so you can hear changes in your patients in the most critical and challenging environments. Designed to help you listen for hard-to-hear sounds, including aortic stenosis, S3 gallop murmurs and faint pulmonary anomalies.

Diagnose and make decisions with confidence.

- Useful in critical care and challenging environments such as the ED, ICU, Cardiac ICU, step-down unit and other dynamic locations
- Ergonomic and high profile construction; 40% larger chestpiece and 60% deeper bell than 3M™ Littmann® Classic III™ Monitoring Stethoscope
- Designed for use with adult and pediatric patients
- Tunable, dual-sided stainless steel chestpiece with open or closed bell
- Non-chill bell sleeve for greater patient comfort
- Soft-sealing eartips provide optimal comfort and excellent sound occlusion
- Made in the USA without natural rubber latex
